Suspended on our Triumph Gear (Patented)

No. 40. Suburban Wagon.

Natural Wood only.

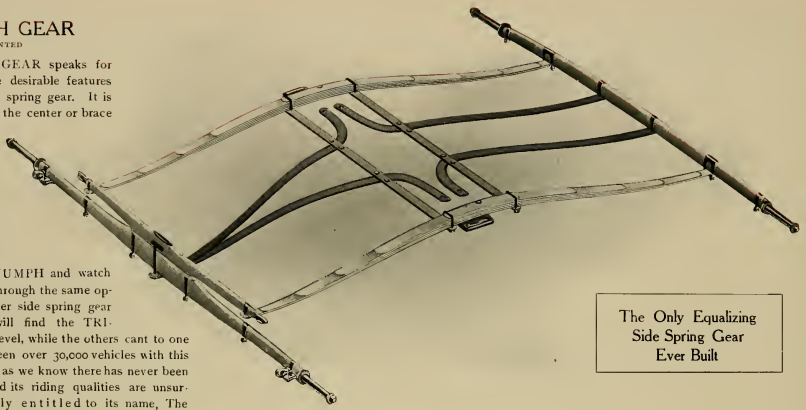

No. 65. Crank Axle, Short Turn Delivery.

No. 66. Same as above, only 1¼ inch axles and wheels.

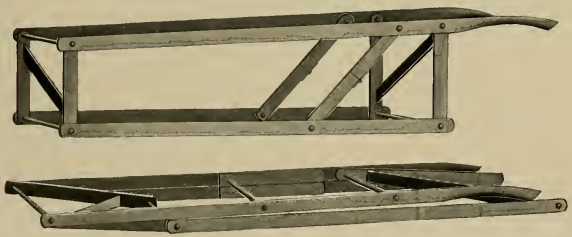

TRIUMPH GEAR

PATENTED

OUR TRIUMPH GEAR speaks for itself. It has more desirable features than any other side spring gear. It is so constructed that the center or brace springs serve a double purpose, *i. e.*, both a brace and equalizer, consequently you get less side motion than on any other side spring gear. Put your whole weight on one step of the TRIUMPH and watch the result, then go through the same operation on any other side spring gear vehicle and you will find the TRIUMPH goes down level, while the others cant to one side. There have been over 30,000 vehicles with this gear sold, and so far as we know there has never been a spring broken, and its riding qualities are unsurpassed. It is justly entitled to its name, The TRIUMPH.

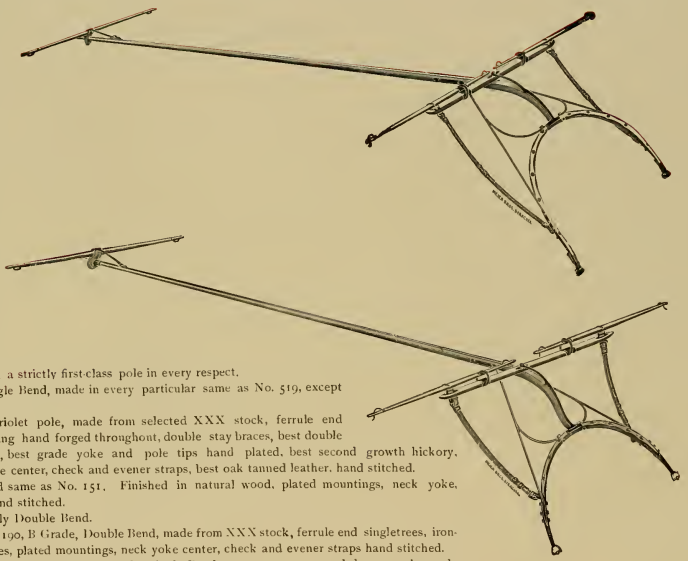

The Only Equalizing
Side Spring Gear
Ever Built

HERCULES WAGON JACK

BUILT in two sizes, buggy and surrey. The handiest and most useful tool around a stable or repository. One man can easily elevate a carriage with it, which is very convenient when oiling or washing.

POLES

IN ADDITION to our regular line of vehicles, we build a line of high and medium grade poles, which are described below. In ordering be careful to give the catalog number of pole, kind of shackles, Bradley, Bailey, or common eye, color and stripe and width center to center of eyes.

No. 519, Single Bend, for Bike vehicles, made of strictly second growth hickory, sword end singletrees, hand shaved neck yoke, ironing hand forged throughout, double stay braces with solid connections, best double lock, milled fit double and singletree plates, best grade bronze metal hand plated pole and yoke tips, neck yoke center, check and evener straps, best oak tanned leather, hand stitched; a strictly first-class pole in every respect.

Nos. 539, 415 and 151, Single Bend, made in every particular same as No. 519, except in XXX stock.

No. 115, Double Bend cabriolet pole, made from selected XXX stock, ferrule end singletrees, nickel cockeyes, ironing hand forged throughout, double stay braces, best double lock, milled fit whiffletree plates, best grade yoke and pole tips hand plated, best second growth hickory, hand shaved neck yoke, neck yoke center, check and evener straps, best oak tanned leather, hand stitched.

No. 40, Single Bend, ironed same as No. 151. Finished in natural wood, plated mountings, neck yoke, center check and evener straps hand stitched.

No. 44, same as No. 40, only Double Bend.

Nos. 350, Single Bend, and 190, B Grade, Double Bend, made from XXX stock, ferrule end singletrees, ironing hand forged, double stay braces, plated mountings, neck yoke center, check and evener straps hand stitched.

Nos. 190, C Grade, Double Bend, and 350, C Grade, Single Bend, common surrey and buggy pole, made from XXX stock, nicely finished and a good, serviceable pole at a moderate price.

EXAMPLE

The following example will show how to use code:

Code—	Harm	Aldine	Belt
Meaning—	Ship at once.	Style No. 315,	⅞ inch Arch Axle, 4-4 track.

Code—	Cave	Flag	Dandy	Enos
Meaning—	Banded wood hub wheels, ⅞ inch tread, 42 and 46 inches high	Dark green running part.	Green cloth trimmings.	No. 1 top.

OUR GUARANTEE

We guarantee all our work one year from date of original purchase. Breakage occurring within that time, by reason of defective material or faulty workmanship, we will replace free of charge, when such part is returned to us for our inspection, charges prepaid.

This guarantee does not apply to damages resulting from accident, misuse or neglect.

NOTE—All parts returned must be properly tagged with shipper's name, as well as our name and address, and shipping bill mailed to us.

No claim will be considered unless foregoing conditions are complied with.
